NÜRNBERG MESSE

SUPPORTING ARGUMENTS  
FOR ATTENDING THE EXHIBITION

MedtecLIVE will take place for the first time in Nuremberg from 21 to 23 May 2019. The new international networking platform for medical technology, it combines the former Medtec Europe and MT-CONNECT.

I would like to attend this event because I am looking forward to new inspiration, ideas and contacts that will enrich my work on a day-to-day basis.

The exhibition offers highly promising products and services: exhibitors from 27 countries reflect the entire value chain of medical technology manufacture. Both established and new enterprises will display their innovations and developments to the public for the first time at the "novelty stand", and I would like to take advantage of the advance in knowledge this offers. The exhibition forum, with its pitches, discussion rounds and expert discussions between national and international speakers, promises a fascinating range of inputs that will open up new perspectives for my area of specialisation.

In addition to top-quality presentations on topics of interest to me, the accompanying MedTech Summit congress also offers special matchmaking events where I can make contacts that will be valuable for my business.

I am looking forward to new solutions and perspectives for our projects

from the following exhibitors in particular:

I would very much appreciate approval to attend MedtecLIVE 2019.  
Please find below a breakdown of the expected costs of participation:

- Admission:
  - One-day ticket EUR 20
  - Full event ticket EUR 40
  - Partnering ticket [from EUR 100 \(for prices see medtech-summit.de/registration\)](https://medtech-summit.de/registration)
  - All-inclusive ticket\* [from EUR 220 \(for prices see medtech-summit.de/registration\)](https://medtech-summit.de/registration)
- Travel costs EUR
- Hotel EUR
- Meals EUR

Total costs EUR

MedtecLIVE offers new stimuli for our sector, and opens up the opportunity to help actively shape the future of medical technology.

I am looking forward to a fascinating visit to the exhibition, with very positive results for my business.

Thank you very much.

\* Includes participation in the Medtech Summit Congress & Partnering, including attendance at the exhibition.

**WHAT YOU CAN LOOK FORWARD TO:  
PRODUCTS ON DISPLAY**

Design, research and development |  
IT | Materials and components |  
Processes, mechanical engineering,  
manufacturing | Measurement,  
testing and validation | Services

**WELCOME TO THE PREMIERE**

MedtecLIVE will cover the entire supply chain of international medical technology, from prototyping to manufacturing and post-manufacturing processes, and from IT to materials, components and service. Discover what exhibitors from 27 countries\* have to offer – and make contacts in the market and in research that really will take you forward.

**TWO STRONG PARTNERS. COMBINED POTENTIAL.**

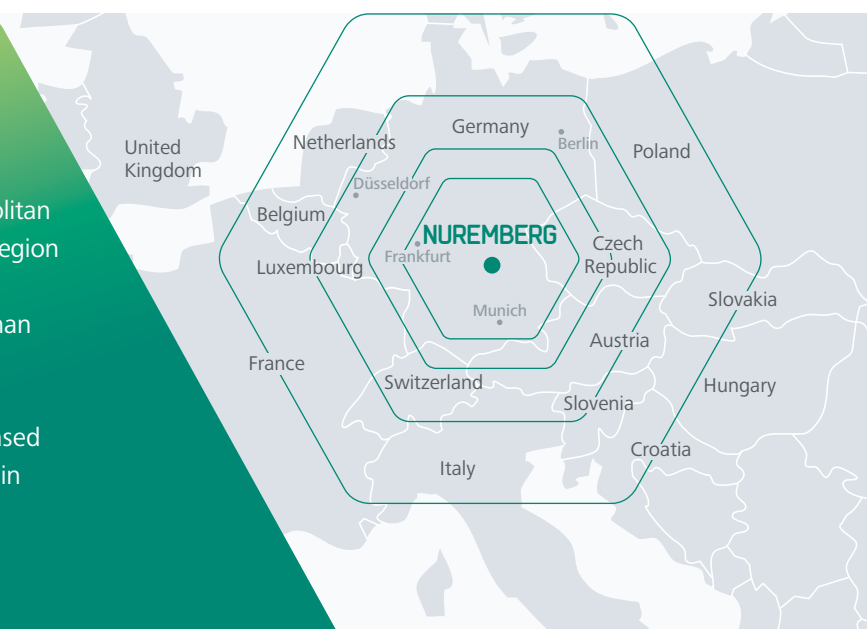

MT-CONNECT and Medtec Europe are combining their skills to become the leading platform for innovations, technology and business contacts in medical technology in Europe: MedtecLIVE.

\*As at February 2019

**IN THE HEART OF EUROPE**

There is a good reason to think of the European Metropolitan Region of Nuremberg as Europe’s “Medical Valley”. The region brings together the skills of more than 500 companies, more than 80 university research institutes, and more than 20 non-university research institutes.

An international airport and top-quality road and rail-based transport will get you to MedtecLIVE from every region in double-quick time.

# THE FUTURE STARTS HERE

Innovations on display are always a source of new ideas. MedtecLIVE combines the present and the future – it shows what’s important today and what will characterise the future. This creates an environment offering plenty of inspiration and ideas about how you can do an even better job of driving your product development forward. With professional support from prominent industry representatives.

## RIGHT AT THE TOP OF THE AGENDA: PROGRESS.

The exhibitors at MedtecLIVE represent a wealth of accumulated innovative skills. From the industry leaders to creative start-ups, this is where you will find the topics that count right now and the trends that lead to progress. Right at the exhibition stands, in the forums, and at MedTech Summit, the congress being held in parallel.

## PARTNERS AND SUPPORTERS

MANY ASPECTS. ONE MARKET.

CONNECT

## MORE DIALOGUE FOR NEW PERSPECTIVES

The best ideas develop when experts with different specialisations from all parts of the supply chain get together and talk.

That's exactly what you can look forward to at MedtecLIVE, the meeting place of Europe's medical technology community. At the exhibition stands, in the international pavilions, discussion rounds and networking events at the fair, and at the match-making event at the accompanying MedTech Summit. Be a part of the dialogue!

## THE EXHIBITION THAT GETS RESULTS

Make the most of the expertise of service firms and specialists with the same focus on solutions as you. MedtecLIVE is where you can meet the right partners for your projects. Suppliers, manufacturers of components, assemblies and materials, and providers of manufacturing technology, processes and procedures are looking forward to your questions. Together with service firms and specialists in areas such as approval, MDR and packaging, MedtecLIVE will give you access to the contacts you need to develop the right solution together – and establish promising business relationships.

DO BUSINESS

### ONE LOCATION FOR THE WHOLE SECTOR

The MedtecLIVE concept was developed in close coordination with MedTech experts from R&D, production and marketing, and specialists in the area of services. It is deliberately focused on interdisciplinary discussion, and brings Europe's multi-branched medical technology sector together in a compact setting in a single location.

## PLATFORM FOR DRIVING FORCES: EXHIBITION FORUMS

Expert knowledge right in the centre of the exhibition: presentations by experts and prominent exhibitors at MedtecLIVE on subjects that move your industry.

Designed in collaboration with leading associations and institutions, e.g. bitkom, VDE, VDI, ZVEI and publisher Konradin Verlag.

### PROGRAMME HIGHLIGHTS

Guided tours, the special Innovation Market Place with start-ups, research groups and service companies, and a novelty stand will reflect the broad variety of the medical technology sector and provide a structured approach to the themes that interest you.

#### UP-TO-THE-MINUTE TOPICS:

- 3D printing in medical technology
- Medical software
- Cybersecurity
- AI-based medicinal products
- Microtechnology
- Skilled worker shortage
- Biocompatibility and organic materials

## A GLANCE INTO THE FUTURE: CONGRESS & PARTNERING

Medical technology meets innovations and future-oriented technologies at MedTech Summit 2019. Scientific and market-relevant presentations will give you up-to-the-minute insights into cross-technology approaches, industry trends and processes. Interactive and interdisciplinary elements in the programme will guide you towards new solutions. The CARAT X-Ray Conference will take an in-depth look into X-ray technology. Congress delegates will enjoy exclusive access.

B2B partnering will let you establish and extend contacts with participants in the MedTech Summit and exhibitors and visitors to MedtecLIVE.
